The Info-Tech Agile Journey – Where are we?

Stabilize · **Sustain** · **Scale** · **Satisfy**

Open the **Agile Transformation Accelerator – Journey Guide Assessment** Excel file, select your maturity level for each category on the Data Entry sheet, view your score on the Results tab, and then drag the "You Are Here" flag above to your location on the journey.

After marking your current state, use the next slide to plan your next steps.

1

Implement Agile Practices That Work

Harness the excitement created by **Enthusiasts** and **Academics** while ensuring integration with existing processes.

2

Build an Agile Center of Excellence

Ensure **Champions** facilitate learning and integration of Agile practices into other parts of the organization.

3

Scale Agile Across the Organization

Guide **Business Units** and **IT** on how to **Partner** to become Agile as practices scale across the organization.

4

Transition to Product Delivery

Enable **Champions** as they introduce **Product-centric** delivery practices to drive greater benefits and delivery outcomes.
